Trusted home care has put together a file of life to keep in your apartment in case of emergency. Medical emergencies can happen anytime, having a file of life in place enables medics to obtain a quick medical history and emergency contact information. The benefits of a file of life include peace of mind knowing you will have prompt and quality care, provides easy access to potentially life-saving information, and it ensures the proper person will be notified quickly.

Please stop down to apartment 5105 and ask Lisa for a File of Life to fill out, if you need help just ask!

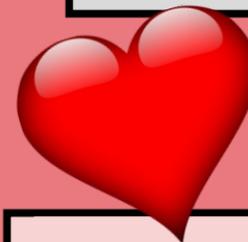

Villa Maria Chapel News

Thank you all for observing the COVID restrictions. This situation plus increase in numbers of walkers and wheel chairs, has limited the space in our chapel. Again we are asking you to leave your walker in the hall way if you are able to walk a few feet with out it into the chapel.

You are asked not to leave your walker in front of the doorways and remember to leave access for Father to walk safely when giving out communion. Due to the narrow access and restroom door, please do not use the right aisle (Pulpit side) with your walker.

The side chapel is usually available, perhaps the more able bodies could sit there.
